The Case of the Missing Cookie

It was 3:23 pm when the delicious chocolate-chip cookie went missing. I know the exact time because the delivery man came to the door. The cookie was sitting on a plate on the kitchen bench when I walked out to answer the door. By the time I came back, it was gone! I remember that I signed for the package that was delivered at exactly 3:23 pm.

I was distraught! I decided to search the kitchen for clues to find out who stole my scrumptious cookie. As I was looking around, I found some short brown hairs by the bottom of the bench, just below where my cookie had been sitting. I continued to search further and found a tennis ball, just around the corner. It had chocolate-chip cookie crumbs on it! Who would have dropped short brown hairs on the floor and left crumbs on a tennis ball?

There was a trail of crumbs leading toward the back door, which was open. The crumbs led down the back stairs and onto the grass. As I followed the trail, I saw...

NAIDOC Week

NAIDOC stands for National Aboriginal and Islanders Day Observation Committee. NAIDOC Week is a significant event held in the first week of July. It is a very important event held around Australia each year to celebrate and to educate Australians about the history, culture and achievements of Aboriginal and Torres Strait Islander Peoples. It is a chance to recognise the contributions that Indigenous Australians have made to our country and our society. It is an opportunity for them to share their history and their stories. Each year, a theme is chosen to reflect the important issues and events.

The name NAIDOC was adapted from NADOC in 1991 to include Torres Strait Islander People. The committee was formed in Sydney on Australia Day in 1938, when over 1000 Aboriginal people gathered for the first Day of Mourning (the 150th anniversary of the landing of the First Fleet in Australia), as a protest against the treatment of their people. Since then, NAIDOC has become a celebration of history and has been extended from one day to one week.

Term 3 Week 10

OTHER AREAS

Year 5

Create and name a new type of stretch. Make a poster showing how to do the stretch. Tonight, after dinner, teach it to your family.

Hold a family meeting and discuss how everyone is feeling staying at home for an extended period of time.

Read a picture book and do 5 star jumps every time you read the word 'and'.

Create a model of sedimentary rock using objects in your home such as pillows, blankets, etc. Explain to a family member the characteristics of sedimentary rock.

Make a paper windsock out of a small paper bag, streamers, markers, and any other craft items you may have lying around your house. Hang your windsock outside, and let it blow in the wind.

Make your own rainstick with an empty paper towel roll. Close one end with paper and a rubber band. Place a loosely crumpled piece of foil and a few spoonfuls of uncooked rice or beans inside the tube. Then, seal the other end.

Stand up tall and put your arms out to the side. Slowly breathe in and lean to one side, stretching your fingers to the floor. Slowly breathe out while standing back up. Do this for 2 minutes, switching sides each time.

Measure your bedroom in lunges, bunny hops, and tiptoes. What other ways can you measure it?

Create a large tic-tac-toe board on the floor using coloured tape. Choose random objects and play with a family member.

Create a map of your neighbourhood. Add in a compass rose. Try to give directions to a family member to navigate the neighbourhood.

Using objects found around your home, e.g. shoelace, piece of yarn, block, etc., create a model of a simple circuit. Demonstrate to a family member the flow of electricity in your circuit.

Stand in front of a ticking clock. With each tick, alternate touching your head, shoulders, knees, then toes. Do this for 2 minutes.
